Price: €129.00

Short Description

WH-CH720N WHT

Nothing compares to immersing yourself in your most-loved music. **The Digital Sound Enhancement Engine** in these Sony headphones revives the harmonics that disappear when music is compressed, making your music sound more genuine. Moreover, the **Dual Noise Sensor technology** ensures you can eliminate distracting ambient sounds and appreciate every single note. Thanks to the **Multi-Point Connection feature**, you can effortlessly transition between **two Bluetooth devices**, from enjoying a film on your tablet to answering a phone call. It's straightforward!
