Product information

This innovative and fun hair styling tool lets you create twisted and braid effect hair styles effortlessly and with beautiful results.

It's so easy to use, simply secure 2 strands of hair into each of the clips, slide the switch up to twirl the hair and slide the switch down to twist together!

Build on this basic twist style and create on-trend boho updo's, pretty plaits, vintage headbands and much more. The possibilities are endless. Get Twisting! Be Creative!

-50 clear polybands included

Top tips

Ensure hair is fully de-tangled and silky smooth before you begin – this helps create the sleekest twist.

Or if you prefer an messy, textured look, gently backcomb the lengths before you begin your twist.

Once you have secured your twist with a polyband, mist with a fixing spray for extra hold.

Decorate your twists with hair rings for an edgy look, or flowers and ribbons to bring out your inner festival babe.
