

# Beper Ultrasonic Facial Cleanser

Price: €29.00

## Short Description

P302VIS003

**Ultrasonic vibration technology** gently exfoliates the skin to remove grease, blackhead and other impurities from the skin, while helping unclog pores.

This device promotes **nutritional absorption, accelerates skin metabolism** and thanks to ultrasound stimulation, helps tone the skin making it more elastic. **The ionic function** promotes the absorption of creams and serums by the skin, allowing proper nourishment and accelerating the regeneration of skin cells, for smoother and more toned skin.

**Warranty:** 2 Years Parts & Labour
