

# EDM Solar Powered Stand Fan

Price: €109.00

## Short Description

33523

The 25-watt EDM solar stand fan is the perfect solution to keep your home cool in a sustainable way. With its 20w polysilicon solar panel, this fan is capable of running on solar energy, thus reducing electricity consumption. In addition, its height-adjustable design and oscillating head allow you to direct the airflow where you need it. This fan offers optimal performance with 3 speeds and a 5w, 400lm bulb. Its control with LED screen or remote control gives you comfort and its safety grille and non-slip feet guarantee the protection and stability you are looking for in a fan.
