# Tacima 6 Way Mains Conditioner

Price: €39.99

## Short Description

Surge Protection Extension Lead 2M – CS947

### **Mains Conditioner**

Help reduce Radio Frequency Interference and so help to enhance the sound and/or picture quality. The Tacima CS947 uses sophisticated filtering that uses high-frequency capacitors and a single choke to suppress both symmetrical and asymmetrical mains interference. In addition to this, the mains cable is also thoroughly screened to help eliminate the effects of radiated noise interference.
