

Beper Muscle Massager

Price: €59.00

Short Description

Muscle Massager P302MAS001

The Beper Percussion Massager is able to reach the deepest and most difficult muscles, ideal for the deep and targeted treatment of tiredness and muscle pain. Unlike traditional manual or roller massages, it can deeply relieve muscle stiffness and pain, promoting blood circulation with perfect percussion therapy.

- **Ball head:** for the treatment of large muscle areas, such as pectorals, arms, but also for the neck and feet
- **U-head:** for the treatment of areas adjacent to the spine (neck and back) and for scapular massage
- **Bullethead:** suitable for the treatment of limited areas, to loosen tense and aching muscle bands
- **Flathead:** suitable for the treatment of large areas of the body
