

Braun Thermometer

Price: €39.00

Short Description

IRT3030

The Braun Thermoscan 3 has a compact size, is simple to use, gentle, and quick. It captures measurements as quickly as one second and provides audio fever assistance to help interpret the temperature.

The use of disposable lens filters eliminates the potential of cross-contamination. The memory function recalls the most recent temperature measured, allowing you to keep a better check on your family's health.

- Professional accuracy
- Fast, gentle, and convenient
- Ergonomic, compact design
