

Manhattan HDMI Cable

Price: €11.99

Short Description

2M – 323215

A high-speed cable that delivers high-definition performance — with no tangles has become the standard digital connection, **delivering the highest-quality audio and video signal** over a single cable. The Manhattan High-Speed HDMI Cable with Ethernet is designed and carefully constructed to meet the evolving needs of the high-definition marketplace. This shielded cable provides the **highest resolution possible at 4K x 2K**, an audio return channel, and a bandwidth of **10.2 Gigabits per second at 340 MHz**. A high-quality cable, it provides ultra-high-definition video and multichannel, digital audio with increased performance characteristics and greater accuracy.
