## Short Description

Tower Jug Kettle T10014W

### **Ease and Efficiency**

The 360° base is suitable for both right and left handed users, providing ultimate ease and efficiency whilst the removable, washable lime scale filter means you can now enjoy pristine water with every single boil, improving the quality of your drinks.

### **Stylish and Convenient Design**

This kettle's generous 1.7 litre capacity and 3kW of power allow for up to 7 cups of water to be boiled in a matter of minutes. This reduces the need for constant refills and makes this kettle ideal for preparing and serving hot drinks in large households, offices or public spaces.

### **Easy to Clean and Store**

This kettle is not only easy to use, but also to clean and store. A removable filter makes maintaining the kettle quick and easy, while integrated cord storage lets you store it away neatly, saving space in your countertop.

### **Removable washable filter**
