

Lenco Turntable Slipmat

Price: €15.99

Short Description

TTA-030CO

The cork texture of the slipmat reduces vibrations, provides natural anti-static protection, and improves grip, resulting in more stable and clearer sound reproduction. Choosing a slipmat made from cork also means opting for the most sustainable option. Cork is a renewable and biodegradable material.

- Anti-static protection
- Vibration reduction
- Improved grip
- Scratch protection
- Provides a natural and stylish look to your turntable
- Durable material
