

Hitachi Vacuum Cleaner

Price: €389.00

Short Description

PV-XH2M
Green LED Technology
White and green LED lights let you see where you are cleaning and find fine dust. Green light is close to the wavelength at which it feels brightest, and creates brightness contrast between the dust and floor to make it even easier to see dust. In addition, a newly designed lens that efficiently collects 7 lights illuminates the front. This makes hard-to-see dust stand out not only in dark places, but also in bright places.

Additional Information:

Brand:	Hitachi
Power:	170 AW
Rechargeable Battery:	25.2 V Battery
Minutes of Autonomy:	<div>• NOT ACTIVATED • PREVIEW • 15 minutes run time</div>
Vacuum Type:	Cordless
Filter type:	HEPA Filter
Warranty:	Parts – 2 years & Labor – 2 years
