

Glem Gas Gas Oven + Grill Electric

Price: €599.00

Short Description

Glem Gas Gas Oven + Grill Electric Inox GFMF21IXN

Titanium Enamel – Easier to clean

The internal Titanium enamel, thanks to the new low-porosity technology, prevents dirt from adhering, making cleaning even more efficient. The Titanium enamel, much more resistant to the attack of acids than normal enamels, maintains its shine and color brilliance even after high usage.

Cold door

The top-of-the-range models with triple glazing and tangential cooling system make it possible to achieve a reduction in temperatures on the outside of the oven, preserving the furniture and avoiding any condensation.

Tangential cooling

The tangential fan, placed on the upper part, automatically starts working a few minutes after the oven is turned on and a device equipped with a thermostat it keeps it active even after switching off until the external part is completely cooled.

Warranty 2 years Parts & Labour

- Gas Oven
- Electric Grill
