

Domo Kitchen Machine

Price: €239.00

Short Description

DO9231KR

The **DOMO food processor DO9231KR** is your best friend in the kitchen. While you're still working on the main course, the food processor is busy mixing the perfect batter for your dessert into an even mass. Thanks to its powerful **1200 W motor**, this food processor can also handle heavier batters and doughs and easily switch between speeds. With a **6-litre mixing bowl** made of brushed stainless steel, you can also prepare a large portion right away. All without getting the kitchen dirty, thanks to the transparent **anti-splash lid**. You can easily add ingredients through the fill opening.
