

Domo Ceramic Dual Hotplate

Price: €64.99

Short Description

DO339KP

Use the DO339KP ceramic hob by DOMO for quick and energy-efficient cooking. The hob has two individual cooking zones, each with their own thermostat with six settings. The infrared technology ensures efficient cooking and quick heating of the hobs. A great way to cook a delicious meal in no time. The ceramic hob consumes 30% less energy than traditional electric hobs. Plus, the high-end ceramic surface is easy to clean.
