

Laica Hot Humidifier

Price: €64.99

Short Description

HI3030
The HI3030 hot humidifier **restores moisture to the air**, balances its levels and distributes it evenly to have a **healthy home**. It is an extremely useful device that uses **water vapour to regulate humidity** in domestic environments, and in this way, allows you **to breathe clean and quality air**.

- The water is vaporised through a heating element; in this way, the diffused steam is free of bacteria
- Top filling tank
- Internal structure that thermally divides the steam outlet to avoid the risk of burns
- Equipped with housing to diffuse essences
