Price: €489.00

Short Description

Fridge-Freezer – 175cm RDSA310K30WN

Led Illumination

A clear view of the interior. Sometimes it is difficult to see everything in the fridge, especially in the corners and at the bottom of the shelves. The new LED light points from Led Illumination®, positioned in the ceiling light on the ceiling or on the side wall of the refrigerator, allow us to see clearly at every point. The result? Maximum visibility of the interior and greater energy savings compared to traditional lighting.
