

Beko Fridge Built-In

Price: €418.99

Short Description

BU1104N
Led Illumination – A clear view of the interior
Sometimes it is difficult to see everything in the fridge, especially in the corners and at the bottom of the shelves. The LED Illumination® rows on the top and side walls of each shelf allow you to see clearly in every part of the refrigerator. You will also save more energy than traditional lighting.

Additional Information:

Brand:	Beko
