

# Tower Vacuum Cleaner

Price: €109.00

## Short Description

T102000

Powerful and efficient, this 2 l bag less cylinder vacuum is packed with the necessary tools for a thorough clean. This vacuum cleaner features multi-cyclonic technology, which ensures quality performance. Also included is a 2-in-1 crevice tool for getting those harder to reach areas, resulting in a much more thorough clean up. The HEPA filter within the vacuum enhances the cleaning by removing various unwanted particles, such as dust mites and pet dander. It also includes an integrated carry handle that makes it easier to move up and down stairs, while the 5 m power cord removes the constant need to plug the vacuum into other outlets.
