

## Laica Activated carbon filter

Price: €8.99

### Short Description

#### FAST DISK FD03A

The innovative patented FAST DISK™ LAICA filter allows you to obtain instantaneous filtration of the mains water. Thanks to the activated carbon microfilament technology, it improves the taste of the water and maintains the mineral salts useful to the body naturally present in the mains water, reducing chlorine.

FAST DISK™ LAICA has a filtration capacity of 120L / 1 month.

### Additional Information:
