Gas outflow devices: Electromagnetic for each burner

Residual heat indicator: None

#### **Dimensions**

Height (cm): 5.1

Width (cm): 73.0

Depth (cm): 51.0

Depth of the niche (cm): 48.0

Maximum width of the niche (cm): 56.0

Minimum niche width (cm): 56.0

### **High performance burners**

High energy class.

Our high efficiency burners reduce energy consumption by 20%. Thanks to their innovative design and vertical flames, the heat reaches pots and pans directly and does not escape to the sides.

### **Quick boiling**

Enjoy faster boiling.

Our innovative technology, efficiently utilizing the energy of the flames, ensures that more heat reaches the pots and pans directly, allowing you to enjoy ideal cooking results faster.

### **Front panel**

Full control over cooking. The easily accessible and intuitive controls are conveniently located on the front panel of the hob for an unforgettable dining experience.

### **Maximum power 4000 W**

4 kW burner.

Enjoy delicious results even faster. Pass the meat perfectly, boil water faster and enjoy fried dishes perfectly and quickly thanks to the 4,000 W burner.

### **5 gas burners (PB)**

Cooking power.

The Whirlpool hob has five burners that guarantee excellent heat and speed up boiling, frying and steaming, ensuring maximum energy efficiency.

### **Double zone G0**

Versatile kitchen.

The Whirlpool hob has the versatile G0 double zone function with two separate cooking zones, so you can easily cook in large and small pots and pans.
